

“The Sound Song” Lyrics

Chorus:

Sound, Sound, Sound, it's all around
Matter vibratin', that's sound creatin'

Loud means volume very high
Let's sing it loudly to the sky

Quiet means volume very low
Let's sing it quietly, here we go

Sound, Sound, Sound, it's all around
Matter vibratin', that's sound creatin'

Sounds high or low? That's the pitch
Sing this high and then we'll switch!

The pitch of a sound can be high or low
Now sing low and let it flow

Sound, Sound, Sound, it's all around
Matter vibratin', that's sound creatin'

I make a sound from over here
An echo bounced back to my ear

“Echo, echo, echo, echo!”

“Echo, echo, echo, echo!”

Sound, Sound, Sound, it's all around
Matter vibratin', that's sound creatin'
